

1250 Gallon Sprayer Skid Turns Dump Trucks into Water Trucks

Get more utility from your dump truck. With just a moment's notice, our 1,250 gallon truck tank skid converts dump trucks into water hauling and dust control trucks. Also available in 1,000 and 1,600 gallon sizes, the water skid's unique self-loading feature is simple, fast.

The truck tank skid also comes with a galvanized spray bar, and a fire hose with nozzle, giving you several options for getting the most use out of your water truck. Select from several engine and pump options for quick filling of the tank and pressurized spraying. A side fill-well makes it easy to service and fill the tank. Partial water-baffles control the movement of the water in the tank for safe transport. Last, but not least, the opaque black poly tank prevents algae growth.

Features and Benefits

Features

- Algae Resistant Poly Tank
- Self-Folding Front Legs
- Honda Engine & Choice of Pumps
- Galvanized Spray Bar
- Fire Hose and Nozzle

Benefits

- Loads in minutes with no special equipment
- Tank baffles reduce sway for safe transport
- Well suited for dust suppression, fire control, road construction, building site compaction

We are here to serve you. Just call or email with your project specifications and details, and we'll do the rest. Our goal is to provide the best solution for your project, with materials delivered on time at a price that fits nicely within your budget.

1250 Gallon Sprayer Skid
