

WATER  
TRAILER

800 gallon  
Fire Control

*\*Images shown may include optional features.  
Actual product appearance may vary based on  
selected configurations.*

Designed for ranches, farms, cotton gins, and remote areas, the 800-gallon Trailer delivers higher capacity and dependable performance. With its black algae-resistant tank, powerful pump, and fire hose system, it's ideal for controlling grass fires, protecting cotton modules, or storing water for emergencies. The rugged frame, tandem torsion axles, and electric brakes ensure smooth, stable towing ready to respond when every second matters.

FEATURES

- Elliptical black tank with sump
- Honda engine with 2" pump
- Galvanized manifolds and rear spray bar
- 25' fire hose with nozzle
- Tandem torsion axles

BENEFITS

- High-capacity fire readiness
- Algae-resistant water storage
- Stable towing, smooth ride
- Ready-to-use fire hose
- Easy to maneuver
