

# Fire Control Skid Sprayer

## Fighting Small Fires in Remote Places

Rapid response is critical, along with reliability, when fighting grass fires and other fire emergencies. The Fire Fighting Skid is built for rugged off-road use, and provides performance that you can count on. Easy to transport, it can be loaded into ½ or ¾ ton truck beds or UTVs. Use it also for fire prevention in pre-wetting areas, or for managing a controlled burn. This skid is also versatile and can be used for transporting water, controlling dust, or landscape watering.

# Features and Benefits

## Features

- Algae resistant 200 g poly tank
- 4 hp Honda Engine
- 2" Tsurumi Pump
- Suction hose and strainer
- Fire hoses and nozzles
- 180 degree hose swivel reel

## Benefits

- Skid can be transported on ½ or ¾ ton truck-beds and UTV's
- Fire retardant can be added to the tank
- Fill the tank from ponds, streams, water tanks, or municipal supply
- Use fire hoses to target small fires or pre-wet for prevention
