

Part # 2850-2855 Ultra-Containment Sump Flexible Model

Flexible spill containment sumps fold for less expensive shipping and easy storage

Fuel tanks are large. So it stands to reason that spill containment for them will be even larger. That's great when your tank is leaking... not so great when you're trying to transport or store the sump. The Flexible Model Containment Sumps use a very durable material braced by L-brackets to effectively contain leaks, drips and spills. But when the sump needs to be moved or put into storage, the brackets can be easily removed and the material folded up.

Key Features:

- + Economical and portable spill containment for 275-, 500/550- and 1000-gallon tanks.
- + L-shaped aluminum brackets provide sturdy sidewall support.
- + Standard sizes fit most fuel tanks. Brackets can be removed and material folded for compact storage and easy transport.

- + Folded units and L-Brackets are shipped in UPS-able boxes. (Part#s 2854 and 2855 are too large for UPS and must ship via truck (common carrier).
 - + L-Brackets are quickly and easily installed in heat-welded sleeves around the Sump's perimeter.
- Compliance:
- + Meets SPCC and EPA Container Storage Regulation 40 CFR 264.175.

Part#	Description	Outside Dimensions in. (mm)	Shipping Dimensions in. (mm)	Containment Capacity gal. (L)	Weight lbs. (kg)	UPC Code
2850	275 Flexible Model, without drain	102 x 48 x 24 (2,591 x 1,220 x 610)	34 x 18 x 25 (864 x 457 x 635)	400 (1,514)	45.0 (20.0)	808416028515
2851	275 Flexible Model, with drain	102 x 48 x 24 (2,591 x 1,220 x 610)	34 x 18 x 25 (864 x 457 x 635)	400 (1,514)	45.0 (20.0)	808416028522
2852	550 Flexible Model, without drain	102 x 72 x 24 (2,591 x 1,829 x 610)	34 x 18 x 25 (864 x 457 x 635)	650 (2,460)	65.0 (29.0)	808416028522
2853	550 Flexible Model, with drain	102 x 72 x 24 (2,591 x 1,829 x 610)	34 x 18 x 25 (864 x 457 x 635)	650 (2,460)	65.0 (29.0)	808416028539
2854	1000 Flexible Model, without drain	162 x 78 x 24 (4,115 x 1,981 x 610)	36 x 20 x 28 (914 x 508 x 711)	1,150 (4,353)	80.0 (36.0)	808416028546
2855	1000 Flexible Model, with drain	162 x 78 x 24 (4,115 x 1,981 x 610)	36 x 20 x 28 (914 x 508 x 711)	1,150 (4,353)	80.0 (36.0)	808416028553

Product Specifications

Standard Sizes	250 gal, 500 gal, 1000 gal
Containment Type:	Containment Sump
Folded Dimensions:	13" Dia. x 18" L Folded
Material of Construction:	18 oz PVC
Supports:	Aluminum Brackets (1" x 1/4")
Side Wall Height	24"
Sold as:	1 each
# per Pallet:	24
Support Length Under Sump	12"

18 oz PVC Specifications

Finished Coated Weight	18.0 oz/yd ² (+2/-1 oz/yd ²)
Tongue Tear	80/80 lb _f
Grab Tensile	375/350 lb _f
Strip Tensile	300/275 lb _f /in
Adhesion	10 lb _f /in
Hydrostatic Resistance	500 psi
Low Temperature	LTC: Pass @ -40° F LTA: Pass @ -67° F
Flame Resistance	Pass 4 in/min
49 CFR 571.302 FMVSS 302
