

FEATURES & BENEFITS

ARTICULATION

The Ultra-Sidewinder's design articulates left system to turn corners and adapt to the layout of the room, while maintaining full protection for the cables and trip protection for pedestrians. This flexible design allows curves, corners and s-curves to be easily made While maintaining a completely flat profile.

AFFORDABLE

The Ultra-Sidewinder provides a cable protection system that is cost effective and economical enough to allow you to outfit your entire facility. Our superior design allows us to provide the same protection as other cable covers for less.

CUSTOMIZABLE LENGTH

Ultra-Sidewinders come in standard lengths but because of the modular design and segmented construction, custom lengths can be created for any application — from 1.5 inches to an unlimited length with the large size.

ADA COMPLIANT RAMP

An optional ramp that meets all requirements of the Americans with Disabilities Act (ADA) is available for the medium and large sized Ultra-Sidewinders. Simply place the durable textured polymer, non-skid surface ramp on top of installed Ultra-Sidewinder.

Part # 1822 - Medium Part # 1824 - Large

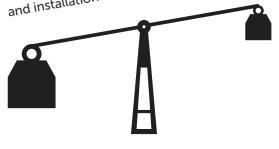

CUSTOM COLORS

Support your team, school, institution or company with a custom colored Ultra-Sidewinder. Minimum order required. Please contact us for details.

LIGHT WEIGHT

ABS plastic and superior design allow the Ultra-Sidewinder to be light weight. Saves on shipping and makes handling, assembly, and installation easier on personnel.

DRIVE OVER CAPABILITY

Support ribs under the Ultra-Sidewinder provide outstanding weight bearing capacity allowing for vehicles to safely drive over cords, hoses, and cables.*

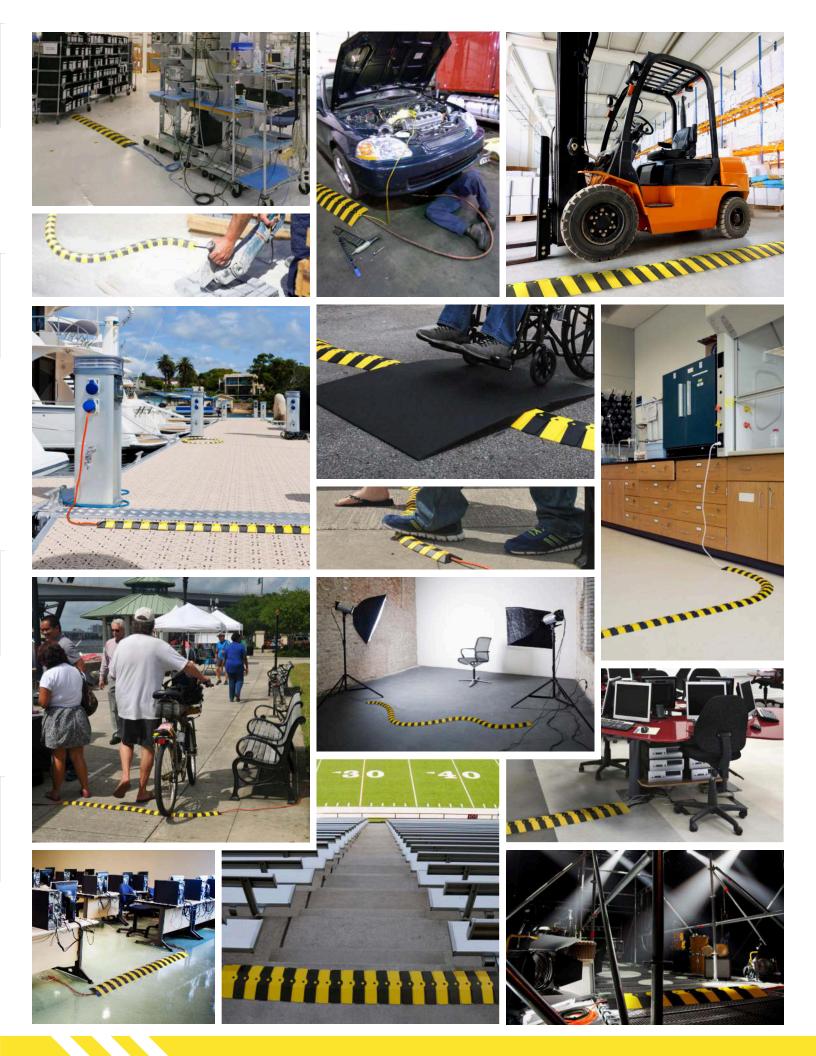

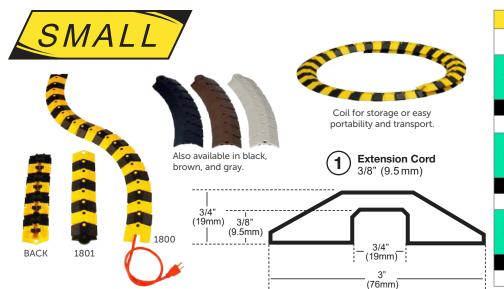

*For use with vehicles with pneumatic tires only. Steel or solid rubber tires may cause damage.

REGULATIONS

The Ultra-Sidewinder helps meet OSHA regulations: 29 CFR 1910.304 * 29 CFR 1910.305 and also satisfies the National Electrical Code - Section 525.6. Visitus at www.ultrasidewinder.com for more details.
